City of Hallandale Beach / Community Redevelopment Agency District 8 Priority Area Incentives

In March of 2012, the Hallandale Beach Community Redevelopment Agency (Agency) adopted the Community Redevelopment Implementation Plan (Plan). The Hallandale Beach Community Redevelopment Area (HBCRA) is located between Pembroke Road on the north, SW 11th Street (County Line) on the South, Interstate 95 on the West, and NE 14th Avenue on the east (generally depicted on the map below).

Hallandale Beach Community Redevelopment Area Map

The Agency has created a series of incentive programs (Program or collectively

Programs). Each Program is designed to achieve one or more of the following objectives:

- Achieve/accelerate the goals of the Plan and other planning documents;
- Improve the overall economic vitality and quality of life in the HBCRA;
- Support existing businesses and attract new businesses to the HBCRA, with a priority to attract businesses most needed in the HBCRA, such as grocery stores, art galleries, clothing stores, general merchandise stores, family-oriented restaurants, ice cream shops,

coffee shops, destination retail, art studios, creative arts business, micro-breweries, professional services, small theatres (movies and live performances), and fitness facilities);

- Supports the financial health, expansion, and success of existing businesses in the HBCRA;
- Stimulates new development/investment to the HBCRA;
- Creates a sense of urgency for property owners and investors and/or
- Other objectives specific to each Program.

District 8 has been deemed a Priority Area for the purposes of promoting the renovation of building facades and encouraging the development of such uses, including but not limited to:

- Microbreweries/ Wine Bars
- Specialty Coffee shops
- Trendy urban restaurants
- Specialty Donut shops
- Family-oriented restaurants
- Music Venues
- Art Galleries

The Priority Area designation allows the HBCRA to create incentives that are specifically designed to implement the objectives listed above. The Programs contained within this document are available to all properties and/or businesses within the District 8 Priority Area, subject to specific terms and conditions. However, buildings that contain certain uses, such as massage parlors (unless ancillary to a health club/beauty salon), check cashing stores, pawn shops, liquor stores, or convenience stores, are not eligible for the Programs. Benefits/limits of a Program may be increased, or qualifying criteria for a Program may be reduced in the District 8 Priority Area. Program funding is only available to those property owners or tenants that demonstrate a desire to promote the types of uses described above.

Additionally, in order to receive HBCRA funding, property owners agree to incorporate mutually agreed (HBCRA and property owner/tenant) upon mural art into their projects at their own expense.

Most of the District 8 Priority Area incentives are structured as a grant with ongoing obligations/covenants for five (5) years. If the recipient of a grant award defaults on the obligations/covenants within five (5) years, the grant will be converted to a loan with interest, starting from the initial grant funding and continuing until the entire funded balance is repaid. The ongoing obligations/covenants will be protected by a lien on the applicant's property. Therefore, the property owner (Owner) must be the applicant or co-applicant for Programs that support improvements on the property.

Most Programs require a financial investment of the property owner/applicant (Required Match) to achieve a prudent and equitable balance of public sector investment and private sector investment. It is intended that the property owner/applicant's contribution is reasonable and feasible while mitigating the risk of public investment.

Benefits of the Programs are provided by HBCRA tax increment funds¹, as available and allocated to any given Program. Awards will be made on a "first come, first served" basis for qualified and approved applications. Programs will reimburse direct costs associated with satisfying the Program requirements/application. However, the Program award must be approved and executed before construction work is performed.

HBCRA staff has created a customized package of Programs to support a comprehensive project - exterior, interior, and specialized improvements. In this case, HBCRA staff will structure the Required Match to achieve a prudent and equitable balance of public sector investment and private sector investment. In cases where the eligible cost(s) of one Program overlaps the eligible cost(s) of a combined Program, HBCRA staff will determine under which Program the eligible cost(s) will be covered, e.g., windows are both an exterior and interior improvement. However, in order to accelerate the growth of a mix of new HBCRA-approved uses in the District 8 area, such as restaurants, coffee shops, music venues, art galleries, and retailers, Applicants will be able to apply for multiple Programs in order to leverage the greatest amount of HBCRA Funding.

Each application will be scored based on varying criteria including but not limited to: location within the HBCRA, how it achieves/accelerates the goals of the Plan, improves the economic vitality and quality of life in the HBCRA, expands the range/quality of goods and services available in the HBCRA; supports the financial health, expansion, and success of existing businesses in the HBCRA; and its potential to attract new businesses to the HBCRA. Applications that incorporate sustainable design (reduce/avoid depletion of critical resources, prevent environmental degradation, and create livable environments) and/or specify building materials with green product certification will receive substantial bonus points.

¹ Current Year Taxable Value - Base Year Taxable Value = Increment. Tax revenues (95% of taxes levied) on the Increment of taxing districts captured by the CRA Trust Fund = Tax Increment Funds. Currently, the City of Hallandale Beach, Broward County, South Broward Hospital District and Children's Services taxing districts are captured to generate the CRA tax increment funds.
