STORM SHUTTER/IMPACT GLASS PROGRAM

Program Overview

Under the Storm Shutter/Impact Glass Program, the CITY offers a grant of up to \$2,500 for the installation of storm shutters or impact glass for owner-occupied property, excluding trailer parks to mitigate storm damage. The homeowner is responsible for any costs exceeding the maximum \$2,500 benefit. Seniors aged 60 and older may be eligible for a **second round** of assistance, provided the property is **homesteaded**, and their income is at or below 50% of the Broward County area median. The maximum assistance for the second round is **\$2,500**.

Eligibility Requirements

- The property must be located outside the CRA District (East of NE 14th Ave).
- The property must be owner-occupied.
- Condo unit/home cannot be a rental property.
- Property can be assisted **twice** through this program if the applicants applying for the second time meet the following criteria:
 - **Seniors:** Applicants must be 60 years of age or older.
 - **Previous Participation:** Individuals who participated in the program over three years ago are eligible to receive a second round of assistance. Is this better?
 - **Income Criteria:** The applicant's income should be 80% or below the Area Median Income (AMI).
 - **Primary Residence:** The home in question must be the applicant's primary and homesteaded residence.
 - **Maximum Assistance:** Qualified applicants can receive a maximum assistance grant of up to \$2,500 the second time.
- Application must be submitted by the homeowner.
- Application for the grant program must be received in the CRA office before any work can commence. Applicants cannot be reimbursed for work that has already started or is completed.

Eligible Uses

Assistance may only be used to install storm shutters and/or impact glass (windows and doors) to protect an owner-occupied residential property from storm damage. The program also provides funds for solar panel installation.

Mobile homes and commercial buildings do not qualify for this program.

Application Process

Applications are received by appointment only. Submit only the completed application with the required documents and appropriate signature (please print legibly in either black or blue ink).

Applicants must provide two (2) estimates and color pictures of the windows/doors they are changing or installing shutters on, along with other documents, at the time of the appointment. Pictures must be taken from both inside and outside.

Document numbers 1 through 7, *listed under required documents*, must be submitted when the application is submitted. If "required document" number 8 is unavailable at the appointment, the applicant has up to 45 days to submit this document.

At the time of application submittal, the applicant must select the contractor he/she will use. This will allow the program coordinator to open a purchase order for the chosen contractor. The applicant has a total of 120 days from the date of approval to have the work completed.

The program manager or the coordinator will determine eligibility within sixty (60) days of the application submittal. The applicant will receive a conditional approval letter reserving funds for 120 days if approved. Any work done before receiving approval will not be reimbursed.

All installations must be completed by a licensed and insured company and/or contractor. All installations require a building permit, and all products must meet applicable building codes. Installation of shutters and/or hurricane-impact windows/doors must be completed and inspected by the City's Building Division within 120 days of application approval.

Payments are made and mailed directly to the contractor on behalf of the applicant within ten (10) to fifteen (15) days after request. A deposit can be provided once an approved permit is submitted. Final payment is provided after the final inspection is approved. Checks cannot be picked up by the contractor or applicant.

After completing the work, the applicant must submit the final documents (numbers 1-4) on the checklist mentioned below. Once the final documents (final invoice, completed check request form, and payment authorization form) are received and confirmation that the inspection is approved, the Program Coordinator will submit the request for the payment.
